- 3) _____

Rivers	Poverty	Weather	Recycling
Rainforests	Coasts	Mountains	Transport

Decide if the topics above are Human (H) Physical (P) or Environmental (E). Some may be in more than one category.

Activate – Look at the images and try and find a link between them, can you link four together?

Task One – select your 9 words, write them into the box and tick them off when you see them in the video.

Task two – using the maps, can you plot your links around the world and the UK? Label what the link is e.g Mr Evans - family in Wales. You will need to use the internet to research particular locations and origins of items. Plot these around the map once you have located them.

These can be family links, friends, holiday links, musical taste, sporting teams, favourite clothing brands, news stories, sporting icons, natural wonders you know.

Stretch and challenge,

Think about your connections, is there anything you could change to have an impact, if so explain one change you could make and then explain how and why it would have an impact globally. Consider transport, electricity, foods.
